Corte tambe a haci famia di victima fatal atrobe hopi dolor

Na luna di November 2022, famia di dama Ana Rosa Montaña Martínez, a pasa den un angustia di otro mundo, a ser confronta c'un dolor inmenso ora cu nan a ser avisa cu nan Mama, ruman, tanta y amiga di hopi hende, a perde su bida riba un diadomingo mainta.

Ana Rosa a lanta mainta tempran pa bay cana riba Linearpark algo cu e tin custumber di haci asina cu e por pero e diadomingo mainta fatal aki, e no a yega su cas mas ya cu e hoben Dylan G. naci na Ecuador, a baha for di caminda cu su auto, dal e señora benta den yerba y el a sigui core bandona e luga.

Casi dos dia despues, autoridadnan policial a acudi na un adres na Ponton caminda a detene e hoben Dylan G, kende no tabatin permiso di estadia y tampoco tabatin rijbewijs legal pa maneha un auto aki na Aruba.

Riba grabacionnan di e accidente, por a mira con e auto di e chauffeur Dylan a baha caminda na su man robes, subi acera of loke ta e caminda di cana riba Linearpark, sorprende e victima pa despues di a benta e dama na un distancia basta grandi, e hoben a dicidi di bandona e sitio lagando e señora mortalmente herida atras.

Ta otro chauffeurnan pasando na mes momento na e sitio, a dicidi baha y controla bienestar di e victima y a bati alarma na autoridadnan cu mesora a dirigi ambulance pa e sitio pero despues no por a haci mucho, ya cu e señora Ana Rosa a fayece al instante.

Diabierna Corte den Prome Instancia a dicta sentencia den e caso tristo aki pero pa tur tristo cu e por ta, Hues a mira tur cos diferente, al contrario el a haya e demanda di Ministerio Publico contra di e hoben, demasiado halto cu tabata di cuater aña di cual seis luna lo tabata condicional.

Hues a mostra cu no por a determina cu e mucha homber aki tabatin exceso di alcohol den su sistema pero caraho si el a core bay su cas despues y tabata despues di mas cu 24 ora cu el a dicidi di entrega su mes, ta mas cu claro cu e lo ta limpi limpi na e momento ey.

No ta bon pa cuestiona decisionnan di Corte, no a bon pa lana duda den condena cu Hues ta impone contra di un hende cu a actua contra ley pero AWE Mainta kier mostra cu si mester tin cierto liña di maneho igual den e decisionnan di Corte.

Algun luna atras a impone un castigo pisa contra dos ruman kendenan a maltrata un turista seriamente, caminda no solamente e maltrato tabata algo serio pero e daño cu nan a haci contra interes general di e pais, tambe a cay nan pisa.

Den e caso aki, e mucha homber kende no tabatin documento legal pa maneha e auto, a baha for di caminda, a dal e victima cu e auto grandi aki y bandona e sitio lagando e victima seriamente herida den yerba benta, manera cu su bida no tabata bal mucho.

Ora cu a busca e hoben aki na su cas, autoridadnan no a permiti prensa yega cerca pa saca potret, a tapa su cara cu un paña y awor e famia a sinta diabierna den sala di Corte pa scucha si nan ser keri lo haya husticia, a wordo sorprende cu e decision di Hues.

Segun Corte, e hoben lo tin cu sinta un castigo di 12 luna loke ta nifica cu e lo tin cu sinta solamente ocho luna den KIA pa despues Sali liber lagando e famia si yorando nan gran perdida di nan ser keri.

Despues cu Fiscal algun luna atras prome cu el a regresa Hulanda a sigura e famia cu nan tin tur derecho como “bena-deeldepartij” pa pidi daño y perhuicio, awor diabierna Hues a rechasa esaki tambe bisando e famianan pa nan cuminsa un caso civil pa logra esaki.

Ta sin duda cu e famia a keda hopi desilusiona cu e decision di Corte de Prome Instancia ya cu esaki no tabata e Husticia cu nan a spera ariba y no e famia so pero por lo general hopi den comunidad a keda sorprende pa e decision di Corte aki.

Reunionnan di contacto a continua den fin di siman den varios bario

Parlamentario lo bay otro partido?

Ta otro fin di siman den cual varios reunion di contacto a tuma luga di varios organisacion politico, dunando indicacion cu preparacion ta tumanando luga pa un eleccion nobo prome cu 2025.

AWEMainta a ricibi varios informacion y indicacion di e reunionnan aki y fuera di e reunion di contacto aki, tin varios candidato di partidonan politico, cu a organisa actividadnan pa recauda fondo pa nan proximo campaña electoral.

Riba e aspecto aki lo ta bon pa tin claridad kico un politico por haci cu e placa cu e ta recaudando pa su campaña politico pa proximo eleccion, mirando e mentalidad di Ministerio Publico pa mira e asuntonan aki den un otro bril cu e tradicion cu tin aki na Aruba pa loke ta e forma di hiba politica.

Un informacion cu mas a sorprende den fin di siman ta caminda lo tin un miembro di un Parlamentario cu lo no keda cu e fraccion caminda e ta na e momentonan aki pero lo bandona e partido mirando cu pa proximo campaña ya el a haya indicacion cu e lo no ta riba lista.

Sinembargo tambe a ser muestra cu no a su intencion di crea problema pa gobierno, of e fraccionnan cu ta sostene gobierno ya cu salida di un solo parlamentario cu ta sostene coalicion MEP-RAZ, lo por nifica cu gobierno a kibra y no tin mayoria mas loke ta pone cu Prome Minister Evelyn Wever Croes lo tin cu bishita Gobernador pa entrega retiro di gabinete ya cu no tin suficiente sosten den Parlamento mas.

Pero ta varios di e rumornan aki a bin ta circulando pa algun luna caba y tin su

spera ora cu esaki bira algo concreto pa realmente confirma cu esaki lo sosode pero cu tin hopi indicacion cu entre e dos partidonan na mando na e momentonan aki, ta algo cu no por duda.

Parlamentario Marco Berlis a dirigi pregunta na Minister Ursell Arends cu ta relaciona cu e proyecto di e beach pa Embassy Suites cu segun e Parlamentario, t a tardando di mas caba sin cu tin solucion na bista.

No ta prome bes cu Parlamentario Berlis ta manera ranca horea di Minister Arends ya cu den pasado tambe a cuestiona grandemente su maneho pa loke ta desperdicio di cas cu ainda ta un problema grandi y serio ya cu hopi hende ta tirando sushi den mondi y otro caminda mirando cu no tin placa pa paga ora di hiba e sushi na unda cu e Minister kier pa nan bay.

Berlis a pidi claridad di e Minister riba e asunto di beach pero tin cu ripara cu mas y mas e forma con e parlamentario di MEP ta haci esaki cu e mandatario, ta notabel cu aki no tin mucho confianza di e Parlamentario den e maneho di Minister Arends.

E situacion di e asunto di RAft tambe ta formando un tipo di iritacion entre fraccion di MEP y RAIZ caminda e pensamentonan ta dividi kico tin cu haci cu e topico aki y con tin cu atende e asunto aki.

Fuera di e problema cu Embassy Suites tin e otro hotel na Sero Colorado cu ainda ta para den su construccion y pa hopi e intervencion di Minister Arends, Minister di Naturaleza, no ta mucho na favor di e hotel cual sin duda lo tin cu su consecucionan financiero grandi pa pais Aruba.

Contract di helicopter cu compania SADI tin cu wordo anula

Diahuebs ultimo, a tuma luga e ‘notorio’ reunion di Parlamento, cu a tuma luga cu ‘porta cera’ pa motibo cu esey tabata deseo di Minister di Husticia Rocco Tjon.

Un reunion den loke ta ser considera e ‘Cas di Pueblo’ den gobernacion pero e biaha aki a dicidi cu pueblo no mag scucha, pueblo no mag mira y pueblo no tin mag di participa riba un asunto cu realmente ta pueblo ta paga. Huurmento di e aparato aki, tabata bayendo bon, ningun mancha scur, ningun “vuiltje in de lucht” te ora cu algun dia atras a bira conoci cu e ciudadano Colombiano, Carlos Eduardo Restrepo Osorio, conoci pa e apodo di ‘Caco’, a dicidi di entrega su mas na personal di DEA relacion c’un investigacion caminda un total di 446 kilo di cocaina a wordo descubri den un avion di cual su persona ta doño.

Awor te na e momento ey, nada incorrecto, nada malo pero cos ta bruha na momento cu a bira conoci cu esaki ta mesun Carlos Eduardo Restrepo Osorio a firma e acuerdo di huur di e helicopter den nomber di su compania SADI.

E a algo serio, ya cu aki ta un traficante di droga, uno grandi, ta involvi den negoshi di droga cual ta wordo investiga na Merca na e momentonan aki ya base di declaracion cu Carlos ‘Caco’ Restrepo duna na autoridadnan, lo haya sa mas kico ta kico cu e red di traficante aki.

Ta asombroso pa mira gobernante- y parlamentarionan cu a sostene e coalicion actual di MEP-RAIZ, a actua despues di e reunion di diahuebs ultimo, caminda a mostra un mentalidad miskiña di tene un reunion pa pueblo no scucha pero despues nan ta prome para den final ta destila nan opinion na pueblo riba un reunion cu nan a dicidi di laga pueblo un banda.

Ainda mas asombroso ta pa realisa cu aki ta trata di representantenan di un gobierno, cu semper a insisti pa sirbi interes di integridad den nan gobernacion pero cu asina algo negativo lanta cabes, nan ta purba tur forma pa tapa esaki, hasta inventando cosnan ridiculo.

Por ehempel un Minister Tjon cu kier a cuestiona intervencion di Arthur Dowers durante di e reunion secreto aki,

divulgando cu su persona a mira cu Dowers no a bay lesa e documentonan cu su persona a pone “ter inzage.”

Presidente di Parlamento, Edgard Vrolijk dicidi di bin dilanti prensa y defende un compania cu su persona no tin ningun coneccion cu’ne, ya cu e ta Presidente di Parlamento y e tambe tin como tarea pa supervisa y controla maneho di gobierno pero ningun momento e tin responsabilidad di trata di “praat goed” algo cu no ta bon. Segun Presidente di e Consejo Legislativo di mas halto di pais Aruba, ta mostra cu pa motibo cu Carlos Eduardo Restrepo Osorio ya na 2022 a kita hala for di e compania, e contact cu tin cu e compania aki, ta un corecto y sin ningun sospecho di algo ilegal.

Medionan di comunicacion di Colombia a publica lo siguiente y ta bon pa Presidente di Parlamento tuma nota di esaki: “Restrepo Osorio, o Caco, es considerado un zar de la aviación en el Huila, sin embargo, se investiga cómo logró extender su imperio a otras zonas del país, como Antioquia, donde algunos de sus familiares estarían a cargo de controlar los negocios en el mismo sector. Es otra línea de investigación de la Fiscalía que se suma al rastreo de propiedades que, de encontrar un incremento injustificado en su patrimonio, podrían pasar a procesos de extinción de dominio.”

Ora cu analisa e publicacion aki, ta mas cu claro cu ta na su luga pa gobierno di Aruba suspende of kibra e contract cu tin cu e compania SADI caminda Caco ta esun cu a bin firma e contract cu e tempo ey Minister di Husticia, Andin Bikker. E mancha aki, e duda grandi aki cu ta existi na e momentonan aki, por wordo elimina solamente si kibra e contract cu tin pero manera cu analisa declaracion di parlamentario y ministernan cu ta traha den secreto den bista di pueblo, lo por ta existi otro asuntonan cu tambe tin cu keda secreto manera di con no por kibra e contract aki.

Ban ta serio, a kibra un contract c’un compania grandi di petroleo manera CITGO perdiendo 300 milyon florin, pues kibra contract cu SADI mester ta mucho mas facil!

Lider di fraccion di AVP, mr. Mike Eman:

Si kita placa y remedi di nos grandinan mester proteha y defende nan derecho

E cuido di esnan mas vulnerabel den un pais ta un re-fleho di ki tipo di gobierno nan tin, asina lider di Partido di Pueblo Arubano (AVP), mr. Mike Eman ta accentua den un declaracion di prensa den cual e a lamenta e mas reciente deterioro social-economico cu e ta constata den hogarnan di nos Pais. Gabinete Wever-Croes II ta causando un pobreza penoso cu ta haci cu miles no por yega na e necesidadnan basico.

E pensamiento cu Eman a cita riba cuido di esnan mas vulnerabel ta di Mahatma Gandhi. Eman ta considera cu ta uno cu ta muestra riba e ki tipo di gobierno no ta percura pa esnan mas vulnerabel den comunidad. Lamentablemente awe Aruba ta experiencia un gobierno cu ta negligisha e tarea esencial aki di cuida esnan mas vulnerabel. AVP kier remedia esaki di un forma mas definitivo atraves di ancla den nos constitucion e derecho ariba un existencia husto. P'esey nos a anuncia cu lo tuma e iniciativa di introduci e garantia aki den nos constitucion pa tur ciudadano.

E lider di partido y di fraccion di oposicion a uza como ehempel articulo 20 den constitucion di Hulanda cu ta bisa: "De bestaanszekerheid der bevolking en spreading van welvaart zijn voorwerp van zorg ter overheid." Pues gobierno tin e obligacion constitucional pa garantiza un existencia husto pa esunnan mas vulnerabel. E esencia di ancla e derecho aki den nos constitucion ta crea un responsabilidad y un tarea constitucional pa gobierno pa haci un esfuerzo continuo pa garantiza cu tur ciudadano por tin suficiente entrada pa por cubri e gasto nan minimo pa por tin un calidad di bida confortabel. Eman ta bisa tambe cu den eleccion na Hulanda na e momento aki 'bestaanszekerheid' ta tema central. Ta hustamente e instituto Sociaal Cultureel Planbureau SCP di Hulanda cu ta haci "politiek Den Haag" consciente cu Hulanda no ta cumpliendo debidamente cu e articulo aki, mirando cu mas cu 1 miyon Hulandes ta pasando den momentonan hopi dificil. Esaki ta accentua e necesidad tambe di un Sociaal Cultureel Planbureau Aruba SCPA.

E derecho ariba existencia digno ta pertenece na e derecho nan humano mas fundamental, pa motibo cu e ta duna contenido na e principio cu cada ser humano tin balor. Un pueblo mester ta segura di necesidadnan basico y minimo manera alimentacion, educacion, utilidad, transporte, cuido medico y vivienda. E ta un garantia constitucional cu AVP ta bay crea pa nos comunidad cu ta brinda proteccion contra pobreza y garantia di un calidad di bida decente.

"Si salario minimo no ta yega, si no ta ahusta pensioen

suficiente, si ta kita remedi di nos grandinan, si ta kita placa for di anciano, si ta pone costo di bida inalcanzabel, ta negligiendo e derecho riba un existencia husto," asina Eman a expresa durante su declaracion.

Eman: *"Ta bira tempo pa nos por cuadra legislativamente mas fuerte e derecho cu un ciudadano tin riba proteccion riba su existencia minimo den constitucion di pais Aruba y esey ta un di e iniciativanan cu nos ta bay tuma, conseha pa nos hobennan hurista, cu nos tin cu ta asesora fraccion di AVP."*

Eman a menciona aki especificamente hurista Wendrick Cicilia cu ta avansando su estudio riba e tema specifico aki.

Mr. Mike Eman a enfatisa cu AVP ta bay lucha pa crea e base legal constitucional pe e derecho ariba existencia husto pa cada ciudadano. Esaki ta garantiza cu e calidad di bida di nos ciudadanonan no por deteriora pa motibo di maneho of decision di un gobierno sin conocimiento, alma of curason.

Hopi mas pabou polis lo a dune ordo pa para, pero e Accent color cora cu algun hende aden a gewoon sigui bay. Pabou di rotonde di Sero Tijshi a logra stop e. Agentenan a acerca e vehiculo y a papia cu e chauffeur, tambe a controla su papelnan.

No tawata falta mucho pa polis a los tiro ariba homber cu problema mental

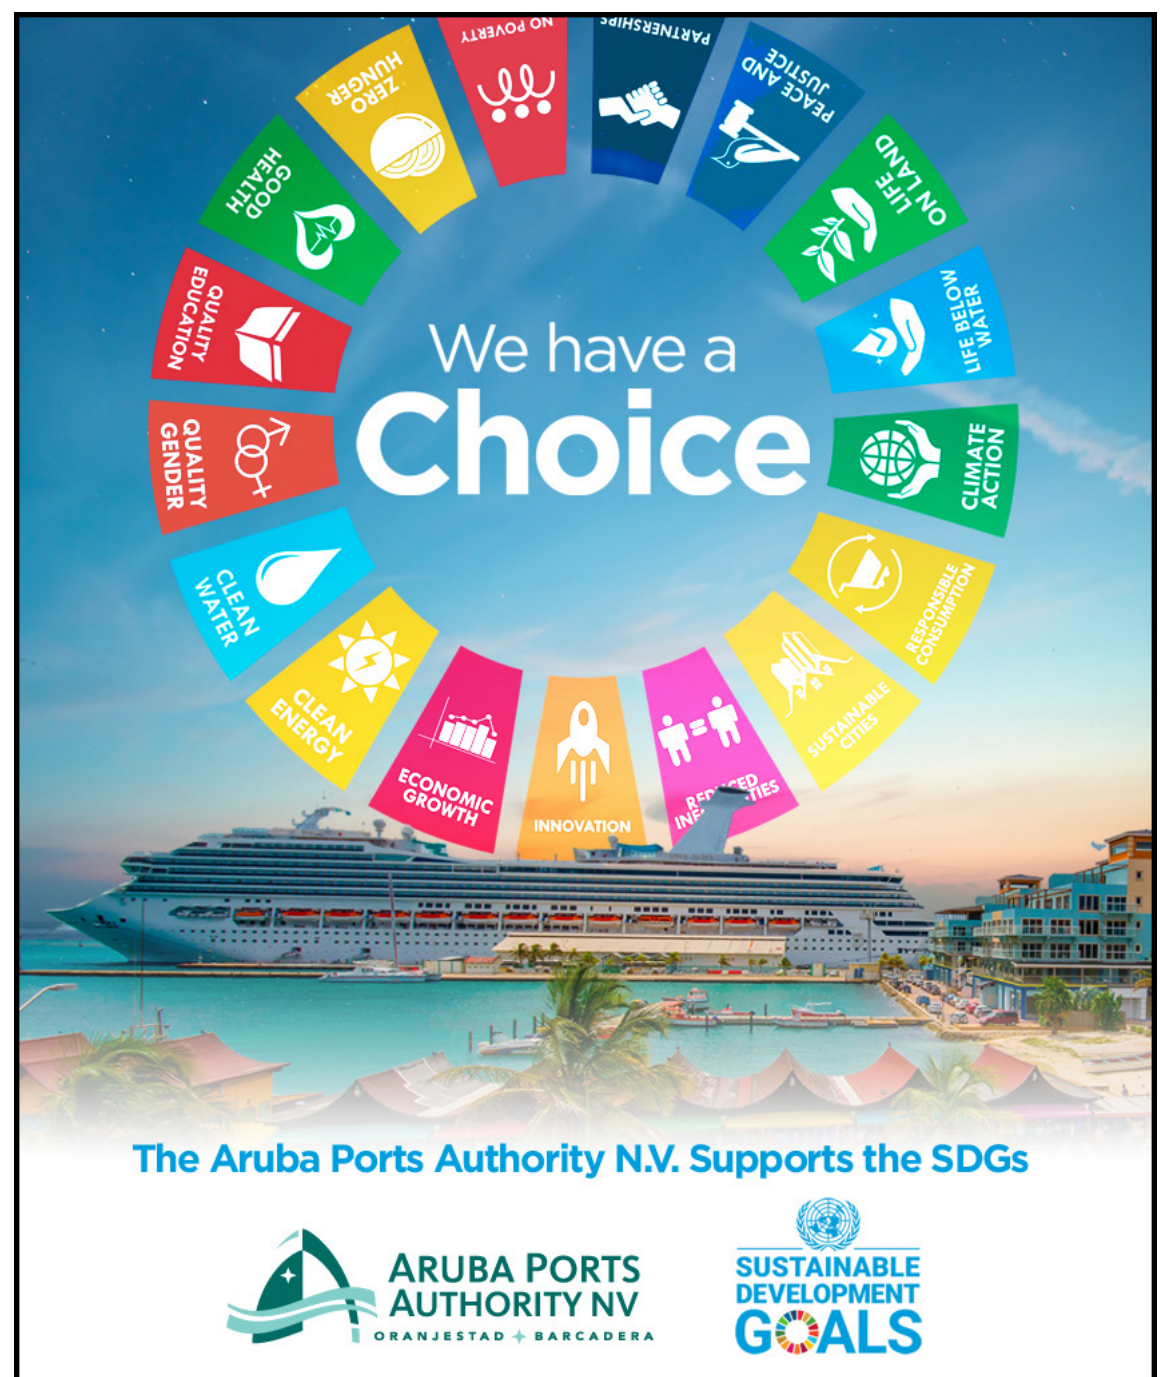

Diabierna den oranan di anochi algo pasa di 9'or varios unidad di polis a bay Dakota, altura di YMCA. Den e caya cerca di YMCA tawata tin un homber haciendo straño, y habitantenan no a confia esaki. Na yegada di polis nan a constata cu ta trata di un conoci di nan, cu ta pashent di Respaldo. E biaha aki e homber probablemente bou influencia di un of otro substancia tawata tin "algo" cu ne y lo tawata kier a uza esaki contra tur hende cu yega cerca.

Dado momento agentenan pa nan propio seguridad lo a saca nan arma reglamentario y a ordena e homber aki pa pone locual e tin den su man abou. Na final a logra overmeesterd e cabayero y pone den boei, tanto na man y pia. E la wordo transporta pa warda di Playa, unda cu no a bah'e mes for di e transportwagen.

Ordo a bin pa e wordo hiba Spoed Eisende Hulp, unda cu aunke sa cu e ta un persona cu prob-

lema mental, lo mira ki substancia e lo tin den su curpa. Ta un situacion peligroso, unda cu e persona kisas ta haya un inyeccion y ta calma pa algun rato. Pero, momento cu e efecto caba lo tin problema atrobe.

Pues e persona aki cu ta un peliger pa comunidad; mester atencion mesora y polis no por dune e atencion medico ey cu e mester.

Segun chauffeur grupo riba brommer a pone perde control

Diadomingo marduga un automobilista a mira bastante stof bay halto altura di Polyrama, mesora a slowdown y ta mira un grupo ariba Harley, para panort di caminda. A resulta cu e chauffeur di e Ford a perde control y bay dal hopi dura contra un mata.

Polis cu a yega basta rato despues no a topa cu e chauffeur. A resulta cu e la cana bay mas pariba y tawata sinta dilanti un negoshi. Algun rato despues e la cana yega bek unda su auto a kibra. Eynan e la splica polis den su version cu e lo tawata ariba e caminda y aparentemente un grupo ariba Harley lo a sali su dilanti y causa cu e la perde control.

E automobilista a mira si con esnan ariba Harley a baha bay na e auto, pero den u frega di wowo tur a bandona e sitio. Polis a ripara cu e chauffeur tawata tin basta dolor na lomba, pero toch despues di un rato no tawata desea asistencia medico y mester a warda ariba compania di seguro yega.

Problema den Flacciusstraat a termina na golpi

Diasabra merdia polis a bay den Flacciusstraat, unda cu un persona lo a wordo maltrata pa personal di un compania di tour eybanda.

Na yegada di polis nan ta compronde cu e otro partido ya a yega warda di polis cu no ta mucho leu, pa asina trece su version dilanti. Ta asina cu un trahado lo a dal un homber cu ta biba cerca di e compania di tour. Parce cu e homber lo tawata bou influencia di un of substancia y un discusion a yega te na dalmento. Parce cu na varios ocasion nan lo a haya intercambio di palabra cu e bisiña aki.

Na e sitio e homber cu a haya golpi aparentemente no tawata kier a entrega keho y despues di a papia cu polis por a mir'e ta drenta su cura di cas bek.

Ta musta cu lo por spera mas problema den futuro.

Luigi Heredia, Presidente di ATSA:

Timeshare ta bek mas fuerte cu nunca

Riba e ocasion di encuentro entre empleadonan durante kwartaal di aña, Luigi Heredia, Presidente di Aruba Timeshare Association, a dirigi su mes na un audiencia di hoteliers na La Cabana Beach Resort & Casino, presentando e ultimo desaroyonan den conexion cu timeshare y vacation ownership.

E industria di timeshare a keda funda, Heredia ta bisa, pa crea oportunidadnan pa doñonan por tin accesibilidad na destinacionnan popular, cu acomodacionnan na nivel internacional, e remarken aki ta berdad specialmente pa Aruba cu ta bay cu e premio di miho beachnan den Caribe. Loke miembronan di ATSA ta compronde den nan curason, y di berdad sa cu ta asina, ta cu vacation-ownership ta e miho manera pa pasa un vacacion.

Reportahenan di ATA ta bisa cu tin un transicion significant pa loke ta acomodacionnan cu un aumento den categoria di "other" incluyendo vacation rentals, condos, y hogarnan. E categoria "other" awor ta representa 27.3% di e mercado. Timeshare ta continua na captura 27.3% di e mercado cu ta bini Aruba, cu ningun cambio di cinco aña y rapport di 2018. Timeshare ta claim 31.1% di e mercado di "nights" pasobra nos miembronan ta keda hopi mas largo. E porcentahe aki lo bay rebaha durante siguiente añanan nos dilanti mirando cu no tin ningun otro desaroyonan di timeshare na Aruba pero hopi condos nobo, private vacation rentals y hotelnan cu

ta den desaroyo.

Awendia, doñonan di timeshare ta hopi mas jong cu nunca, y nan ta stima timeshare. Timeshare ta bek, y aworaki e no ta pa hende e abuelonan so. Loke tabata considera bieu, ta nobo atrobe – y esey ta conta tambe pa timeshares, nan ta bek den un paquete totalmente diferente y miho, mirando bentanan record na momentonan aki. Un estudio di 2022 pa ARDA, American Resort Development Association, ta muestra cu Gen Z y Millennials awor ta esnan cu ta mas di mita doño di timeshare, 57%, y mas cu mita cu 'new sale purchasers', na 53%.

Mi por personalmente bisa cu na Costa Linda nos ta mirando hopi mas doñonan hoben cumprando timeshare, nan ta cumprando y tambe bayendo pa mas cu e siman tradicional di estadia. Mi a compronde tambe for di nan cu nan ta scoge timeshare pasobra nan a siña di e pandemia cu destinacionnan cu timeshare ta hopi mas safe, y nan ta ofrece un sentimento di hogar. E industria di timeshare a sigui na crece significantemente den e ultimo decananan pa bira un opcion di vacacion mas atractivo pa clientenan hoben, y resultadonan ta papia pa nan mes. E producto di timeshare di awe ta ofrece flexibilidad. Clientenan ta obviamente disfruta e opcionnan aki y ta sigui na reconoce e flexibilidad general y intercambio di oportunidad manera nan motibonan principal pa compra timeshare.

E rapport di 2022 a descubri un satisfaccion di 90%. Mas ainda, 84% di doñonan lo compra un otro producto di timeshare atrobe – un aumento grandi di 77% na 2020. Adicionalmente 82% di tur doño ta recomenda timeshare generalmente. Na Aruba nos tambe ta disfruta di un satisfaccion enorme di nos clientenan, nos ta mira e fieldad cu nan tin, con nan ta keda regresa hasta ora tin momentonan dificil y situacionnan fastioso.

Hopi di e crecimiento di loke e industria aki ta experimentando por wordo liga na su evolucion den semper cumpli cu necesidadnan y deseonan di e biahero di awe. Un sistema manera esaki [revamped points-based] ta permiti e biahero pa ahusta nan plan di biahe, haciendo timeshare un escogencia excelente pa hendenan hoben cu ta netamente iniciando nan carera y mester e flexibilidad aki pafo di nan hogar rond mundo, un luga unda nan por relaha sin mester worry cu tur e requisitonan di un estadia tradicional na un hotel of na un vacation rental cu not a regula.

Siguramente e industria tin su critica, algun ta bisa cu e prijsnan di compra y mantencion ta spanta nan, specialmente pa esnan cu ta riba un presupuesto un poco mas preta. Adicionalmente, mientras no ta e caso pa tur propiedad di timeshare, e idea pa keda mara na un propiedad of localidad specifico no ta atractivo pa esun cu ta prefera e flexibilidad di por tin un vacation rental un poco mas tradicional. Fortunadamente pa Aruba, nos tin varios opcion di timeshare. Tin algo pa tur hende.

Un estudio di TUG, Timeshare Users Group, a muestra cu 79% di doñonan ta indica cu nan ta bay riba mas vacacion cu nan lo a haci si nan no lo tabata tin timeshare. ARDA research ta muestra cu doñonan di timeshare ta bay vacacion pa un averahe di cuater biaha den 2021. Nos industria ta bon posiciona ora di compara cu otro provedornan di biahe y hospitalidad, manera tambe timeshare cu ta ofrece acomodacion grandi na un momento cu bo por 'traha for di unda cu ta' ta e normal nobo.

Nos mester sigui na proteha nos industria di timeshare na Aruba, loke nos ta referi manera e weso di lomba di e industria di turismo aki na Aruba. Nos mester por keda revisa inflacion, apesar di e aumento den e costo di haci negoshi, impuesto y otro retonan laboral. Timeshare na Aruba ta awor den su 46 aniversario, anto esaki tambe ta enfrentando retonan di un poblacion laboral di biehes.

E industria di timeshare semper tabata ta, y semper lo keda comprometi na cumpli cu tur necesidad, deseonan y expectativa di su doñonan y empleadonan, cuidando su comunidad – y ta hopi obvio cu nos ta progresando, seguramente tin un experiencia di timeshare pa tur hende.

Fortaleza pa Famia

E spirito di mundo y e spirito di Dios

AWENDIA tin hopi confusion, y hende ta puntra kico ta di Dios, y kico no ta di Dios, pasobra tin hende ta uza e palabra di Dios ora ta cumbini nan, djis pa show, pero nan no tin respet pa Dios, y e cos ey ta hopi peligroso pasobra Dios lo saca tur cos na claridad, pa demostra kico ta di Dios y kico no ta di Dios.

Dios no ta un Dios di confusion, sino di pas (1 Corintionan 14:33).

Pasobra tur esnan cu ta wordo guia door di e Spirito di Dios, esaki nan ta e yiunan di Dios (Romanonan 8:14),

Ora nos arepentí, acepta y kere den Cristo Hesus nos ta ricibi e Spirito di Dios, cual ta e Spirito Santo.

Pasobra si un hende no tin e Spirito di Cristo e no ta pertenece na dj'E (Romanonan 8:9).

Den esaki nos ta compronde awor cu hende por haci cosnan den carni y hende por haci cosnan spiritual, y con nos lo nota e diferencia?

Un di manera nan mas cla cu por señala cu nos tin e Spirito Santo di Dios, ta na e frutanan cu ta sali for di nos.

Y e frutanan di Spirito Santo ta: Amor, Goso, Pas, Pasenshi, Cariño, Bondad, Fieldad, Mansedumbre, Dominio Propio, contra e cosnan aki no tin ley.

Cada dia den nos bida esaki nan mester wordo demostra, pa asina tambe hende por mira den nos ken nos ta sirbi y cual spirito ta dirigi nos bida.

Pero e deseonan di carni ta contra e Spirito di Dios y nan ta conoci pa tur hende y nan tambe ta duna evidencia di nan existencia cualnan ta:

Inmoralidad, Impuresa, Sensualidad, Idolatria, Bruheria, Hostilidad,

Bringamento, Jaloersheid, Rabiamento, Pleitamento, Desacuerdo, Doctrina falso. Envidia, Buracheria, Parandiamiento, y cosnan asina aki, di cual mi ta spierta boso di antemano, mescos cu mi a spierta boso di antemano, cu esnan cu ta practica, sorto di cosnan asina lo no hereda e reino di Dios (Galationan 5:19-21).

Awor ta conoci cu hende kier cana den dos caya, y biba dos bida, pero locual bo ta alimenta mas esey ta domina bo bida, si bo ta alimenta e Spirito di Dios, cu bo Oracion, Ayuno, lesamento di Bijbel, bishita cas di Dios, y aparta for di pica, e Spirito di Dios y su frutanan lo manifesta den bo bida.

Pero si bo ta alimenta e carni, cu su inmoralidad, inhusticia, rabia, odio, amargura, envidia y arrogancia e spirito di mundo y tur su bagamunderianan lo ta visibel den bo bida.

Pasobra e palabra di Dios ta bisa nos claramente:

No gaña boso mes, Dios no ta laga hende haci bofon di dj'E, pasobra loke un hende sembra, esaki tambe e lo cosecha. Pasobra esun cu sembra pa su mes carni, lo cosecha corrupcion for di e carni, ma esun cu sembra pa e Spirito, lo cosecha bida eterna for di e Spirito (Galationan 6:7-8).

Hende por tuma nota den ki direccion nan ta bay y kico ta spera nan como cosecha.

Palabra di Dios ta siña nos den Mateo 13:24-30 cu e maishi y e yerba shiramaron lo crece hunto y na final Señor lo manda su angelnan, y nan lo ranca e yerba shimaron, mare ta boshi pa kima nan y e maishi e lo warda den Su mangasina.

Ta tempo pa nos para keto un rato y wak bon den cual direccion nos ta hiba nos hogar y nos famia, tempo pa nos fiha nos bista riba Dios, y riba Dios solamente, pasobra inmoralidad ta aumenta dia pa dia, y hopi ta sigui cosnan di mundo, enbes di busca Dios.

"Señor ta mi wardador, mi no tin falta di nada. Den cunucu di yerba berde e ta pone mi sosega. E ta hiba mi na awa frankil, pa mi bolbe haya forsa" Salmo: 23

With Just Over a Month of Intensive Training

Police Certify Road Service Providers in Accident Documentation

IN an ongoing commitment to enhancing services within the community, a comprehensive training course dedicated to accident documentation was recently conducted for two road service companies. From August 14, 2023, to September 18, 2023, the “Afhandeling Verkeersongevallen” course was presented to road service personnel at the E.J. Watty Vos Police School.

This course was specifically tailored to educate road service personnel on how to properly document traffic accidents. The aim was to ensure that these service providers could offer improved services to the community while adhering to traffic laws and regulations.

The entire course was meticulously designed and instructed by specialists from the Department of Traffic. It consisted of both theoretical and practical sections, with all participants successfully passing a final examination.

Thanks to this training, participants gained valuable insights and instructions on how to handle traffic accidents, applying what they learned during the course.

After just over a month of intensive training, all participants received their well-deserved certifications. This means that road service providers are now certified to handle traffic accidents while being better prepared to address various traffic

scenarios. The Aruba Police Force extends its congratulations to all participants from the road service companies.

This initiative demonstrates a commitment to ensuring the safety and well-being of the community by equipping road service providers with the knowledge and skills required to handle traffic incidents effectively and in compliance with the law. It is a testament to the dedication of both the participants and the authorities in creating a safer environment for everyone on the road.

The goal of this EXPO was to provide valuable information to the entire community on all aspects of our health, raising awareness about their well-being, preventing certain illnesses, and thus leading a much healthier and longer life. Over 35 organizations participated, sharing valuable information about health, physical activity, and mental well-being.

Professionals provided insights on diabetes, cardiovascular health, vision care, exercise, and much more. Attendees had the opportunity to undergo tests to learn about their cholesterol levels, blood sugar, blood pressure, weight, and BMI. The entire public health sector was present, along with various departments and foundations.

Prevention is the primary focus of the Ministry of Health’s approach to achieving a healthier, more health-conscious community and improving everyone’s quality of life. It’s essential to note that this expo is part of the national plan to prevent non-communicable chronic diseases (NCDs). In this plan, the focus on health emphasizes prevention through leading a more active and healthier life, with access to various tools and tips to help people achieve this. Aruba is among the few countries worldwide with a national prevention plan for these NCDs. The global goal is to reduce the number of deaths related to NCDs by one-third by 2030.

Finally, Minister Dangui Oduber expressed his gratitude to everyone who visited the “Promoting Health and Physical Activity at Work” expo. He extended special thanks to the Health Platform team, the Department of Public Health, the Ministry of Tourism and Public Health, as well as all the foundations and organizations that had booths at the expo. They worked tirelessly and put in immense effort to make this expo a reality.

ATSA host its quarterly members' meeting at La Cabana

THE members of the Aruba Timeshare Association, ATSA, convened for a lunch-meeting at La Cabana Beach Resort & Casino with representatives of most of the island's Vacation Ownership properties, in attendance.

The Food & Beverage team of La Cabana Beach Resort & Casino prepared an exceptionally varied and tasty lunch menu, paired with the resort's signature gracious service and hospitality.

ATSA's President, Luigi Heredia, Costa Linda Beach Resort, welcomed members just before officially opening the meeting. In his remarks he noted that: "The timeshare industry has evolved significantly in the last few decades to become an attractive vacation option for younger customers, and the results speak for themselves. Today's timeshare products allow for flexibility, owners clearly enjoy these options and continue to rate "overall flexibility" and "exchange opportunities" as their top reasons for purchasing a timeshare."

Heredia then continued that ATSA is honored to welcome distinguished Minister Glenbert Croes, Ministry of Labor, Energy and Integration who will be sharing information on labor, and representatives of Minister Dangui Oduber, the Minister of Tourism and Public Health who will give an update on the proposed Hotel & Restaurant Permit Process and Fees; also update the forum on the progress of TPEF. ATSA would also like to welcome from the Aruba Hotel and Security Foundation, Dylan Molina and Patrick Melchiors who will give insights on initiatives for Tourism Security Patrol.

Minister Glenbert Croes, then made a presentation regarding the island's updated Admission Policy and covered strategies and initiatives related to the labor shortage challenge on Aruba.

He pledged improve collaboration between government departments such as DIMAS and DPL, in charge of immigration and labor. The minister talked at length about the exceptions granted to waiting job applicants, the changes in family reunifications, the changes in work permit application process, the introduction of a multiyear option, and the current tariff structure.

At the end of the presentation a lively Q&A session followed.

While the minister of Tourism & Public Health excused himself from the meeting due to unforeseen circumstances his office representatives went on to introduce the proposed HORECA permit fees and the creation of a new authority in charge of permit issuance and supervision under the Licensing Regulation. This new central supervisory body, the Aruba Quality & Hospitality Authority, AQHA, will be specifically responsible for quality control and enforcement. It will be a semi-public Sui Generis, also in charge of vacation rental permits, lodging, hotels, and restaurants, from start of finish, a one stop shop.

Since the AQHA must be self-sufficient, the question of fees will

be revisited, before the launch of the program, in the first quarter of 2024.

Another welcomed update involved the Aruba Hospitality and Security Foundation, AH&SF, now home to the Tourism Security Patrol Aruba, TSPA. According to Dylan Molina & Patrick Melchiors, the AH&SF was founded by AHATA in 2001 to support safety and security in the tourism zone. It was financed by the Aruba Tourism Authority, with funds generated from the tourism levy and was run by tourism partners, such as AHATA, ATA, ATSA, ATIA and the Aruba police Corp. Now with the help of Cameleon Associates the Tourism Security Patrol Aruba will be created to increase visibility of law enforcement in the areas of Palm Beach & Eagle Beach. Cameleon Associates will also help train private security professionals and continue training the public ones to enhance the safety and security of Aruba's residents and tourists, effective November 2023.

Two more agenda items were the budget presentation and approval by treasurer Jurgen van Schaijk, for 2024 and the election of a new board member, Rina Geerman, to replace the retiring board member Jessica Franken, La Cabana beach Resort & Casino.

Toward the end of the meeting a brief overview of TPEF, the Tourism Product Enhancement Fund, by ATSA member Sulaika Kelly, Playa Linda beach Resort, reported on a number of beautification projects around the island, and ATSA member Pedro Vargas, Marriott Ocean Club, commented on the positive development at the Security Foundation,

The meeting closed after more than two hours; it was filled with important business information.

ATSA was established in 1994, and currently counts the active membership of the majority of vacation ownership properties in Aruba. The Association works on a local level, as a supporting member of AHATA, the Aruba Hotel and Tourism Association, and with other local organizations as well as Government entities. On a regional level, where Aruba continues to receive recognition as a model vacation ownership destination, ATSA has professional ties with the Caribbean Hotel & Tourism Association and also benefits from continuous collaboration with ARDA, the American Resort Development Association.

ATSA President Luigi Heredia, speak at the quarterly meeting

ON the occasion of the quarterly Members' Meeting, Luigi Heredia, President, Aruba Timeshare Association, addressed an audience of hoteliers at La Cabana Beach Resort & Casino, delivering the latest updates regarding timeshare and vacation ownership.

The timeshare industry was founded, he said, to create opportunities for owners to access popular destinations and stay in world-class accommodations, those statements are true especially for Aruba who takes credit for the best beaches in the Caribbean.

What ATSA members passionately know in their hearts to be true, is that vacation ownership is the best way to vacation.

As per the ATA reports there has been the significant shift in accommodations with an increase in the category we call "other" including vacation rentals, condos, and homes. The "other" category now represents 27.3% of market share. Timeshare continues to capture 27.3% of the arrival market, with no change from 5 years ago and the 2018 report. Timeshare claims 31.1% market share of "nights," because our members stay longer. This % will decline over the next coming years as currently there are no new development of timeshare properties in Aruba but many new condos, private vacation rentals and hotels are in the pipeline.

Today's timeshare owners are younger than ever, and they love timeshare. Timeshares is back, and this time, it's not just for grandparents.

What was considered old, is new again—and that goes for timeshares, they are back in a totally different and better package and seeing record sales.

In fact, a 2022 study, by ARDA, American Resort Development Association, found that Gen Z and Millennials now account for more than half of all timeshare owners, 57%, and more than half of new sale purchasers, 53%.

I can personally attest that at Costa Linda we are now seeing younger owners buying timeshare, not only are they buying but they are also opting for more than the traditional one week. I have also learned from these young owners that they are opting for timeshare because they have learned from the pandemic experience that timeshare destinations are safer, and they offer a caring family feel.

The timeshare industry has evolved significantly in the last few decades to become an attractive vacation option for younger customers, and the results speak for themselves. Today's timeshare products allow for flexibility. Owners clearly enjoy these options and continue to rate "overall flexibility" and "exchange opportunities" as their top reasons for purchasing timeshare.

The 2022 report found an astounding 90% satisfaction rate among owners. Even more, 84% of owners would purchase a timeshare product again – a significant increase from 77% in 2020. Moreover, 82% of all owners would recommend timeshare in general. In Aruba we also get a high satisfaction rate from our members, we see the loyalty our members have, returning time after time, even through difficult and challenging times.

So much of the growth that timeshares are experiencing can be traced to the industry's evolution toward meeting the needs and desires of today's travelers. Revamped points-based systems allow members to adjust their travel plans, making a time-

share an excellent choice for young people who are just starting their careers and need the flexibility to accommodate any job changes or moves. Now, owners can have a home away from home around the world, a place where they can relax and unwind without the hassles of a traditional hotel stay or an unregulated vacation rental.

Of course, the industry still has its critics. Some argue that ownership fees and maintenance costs can be a turn-off, especially for those on a tight budget. Additionally, while not the case for all timeshare properties, the idea of being tied to a specific property or location can be unappealing for those who prefer the flexibility of a more traditional vacation rental. Fortunately for Aruba we have different, varied timeshare options. Something for everyone.

A TUG study, [Timeshare Users Group](#), found that 79% of owners indicated they go on more vacations than they would otherwise, without their timeshare. ARDA research found that timeshare owners took an average of four vacations in 2021.

Our industry is well positioned when compared to other travel and hospitality providers and timeshares offer large accommodation at a time where "work from anywhere" is the new norm.

We need to continue protecting the timeshare industry in Aruba, which we refer to as the backbone of the tourism industry here. We must keep inflation in check, in spite of the increase in the cost of doing business, taxes and labor force challenges. Timeshare in Aruba is now in its 46th year, and is also challenged by an aging labor population.

The timeshare industry has always been, and remains, committed to meeting the needs, wants and expectations of its owners and employees, taking care of its community – and it's clear we're hitting the mark, there truly is a timeshare experience for everyone.

A Complex Challenge

The Limitations of Politics in Addressing Child Abuse

CHILD abuse is a grave and pervasive issue that affects the lives of countless children worldwide. While politics and government initiatives can play a crucial role in addressing this problem, several inherent challenges limit their effectiveness in completely eradicating child abuse.

Firstly, child abuse is often a deeply hidden and underreported problem. Many cases go unnoticed due to victims' fear, family secrecy, and social stigma. Political solutions primarily rely on reported cases, making it difficult to gauge the full extent of the issue accurately.

Secondly, child abuse is complex and multifaceted, with various forms such as physical, emotional, sexual, and neglect. Addressing these distinct forms requires a comprehensive and nuanced approach. Political agendas may prioritize certain aspects, leaving gaps in protection and support for children affected by less visible forms of abuse.

Additionally, child abuse often occurs within the confines of the family unit. Intervening in family matters raises ethical and legal dilemmas, and overreaching government actions can infringe on personal freedoms. Striking a balance between protecting children and respecting individual rights is a complex challenge for policymakers.

Lastly, political agendas can be influenced by short-term goals and public opinion. Child abuse prevention and intervention require consistent, long-term efforts that extend beyond electoral cycles. Political commitment may fluctuate, potentially leading to inconsistent policies and resources.

While politics can certainly contribute to the fight against child abuse through legislation, funding for support services, and awareness campaigns, it is essential to recognize the limitations of political solutions. Addressing child abuse demands a collaborative effort involving not only government but also communities, families, educators, health-care professionals, and the public. Only by recognizing the complexity of the issue and working together can we hope to make meaningful progress in preventing and addressing child abuse effectively.

David Beckham's Inter Miami Eyes Luka Modric for MLS Squad

CLUB co-owner David Beckham is reportedly eager to bolster his team's ranks with the addition of Croatian international Luka Modric. Beckham envisions Modric sharing the field with Lionel Messi, creating an exciting prospect for fans.

Modric recently extended his contract with Real Madrid in June, tying him to the Santiago Bernabeu until the upcoming summer. However, his playing time in LaLiga this season has been limited, with just one start, due to fierce competition in the midfield. Consequently, there are murmurs that manager Carlo Ancelotti might entertain offers for the 38-year-old in the January transfer window, particularly if an offer arrives from the MLS side.

Inter Miami, who have already acquired former Barcelona stars Sergio Busquets and Jordi Alba, has also been linked with former Barcelona and current Gremio forward Luis Suárez. Suárez, who is currently with the Brazilian Serie A team, has been mentioned as potentially available at the conclusion of the league campaign.

Beckham's ambition to assemble a star-studded team at Inter Miami is becoming increasingly evident, with Modric being the latest addition to the list of marquee names associated with the MLS club.

MLB Playoff Picture:

Clinched Teams, Scenarios, and Schedule

WITH just under two weeks remaining in the 2023 MLB regular season, the focus is already shifting towards October for several teams. The Atlanta Braves, riding a wave of success, were the first to secure a postseason spot and followed that achievement by clinching the NL East title. Joining them in the playoff picture, the Los Angeles Dodgers locked down the NL West. In the American League, the Baltimore Orioles and Tampa Bay Rays also punched their postseason tickets. Meanwhile, the wild-card race is heating up, featuring teams like the Seattle Mariners, Philadelphia Phillies, and Chicago Cubs vying for those coveted spots.

Beyond the divisional battles, numerous intriguing storylines are unfolding as the regular season reaches its conclusion, setting the stage for an exciting October.

As the season winds down, here's a breakdown of the current playoff scenarios, key matchups to watch, and insights into the postseason schedule.

American League Playoff Race

Despite spending a significant portion of the season leading the AL East, the Tampa Bay Rays now find themselves as the top wild-card team. The Baltimore Orioles surged ahead in late July to claim the division's top spot. In the same division, the Boston Red Sox are gradually losing their grip on playoff contention. Meanwhile, the Toronto Blue Jays are locked in a fierce battle for the final wild-card berths.

Their competition includes the Texas Rangers, who, like the Rays, held the division lead for an extended period this season but are now fighting for a postseason berth. The Seattle Mariners, who briefly overtook the Rangers in the AL West, are now chasing the Houston Astros for the division title. In contrast, the Minnesota Twins seem poised to represent the AL Central in October.

National League Playoff Landscape

The National League features divisional races that are not as closely contested, with the Dodgers on the verge of securing a division title alongside the Braves. The Milwaukee Brewers have maintained a stronghold in the NL Central.

The NL wild-card race, however, promises excitement. While the Phillies currently control the first two wild-card slots, five teams—the Chicago Cubs, Arizona Diamondbacks, Cincinnati Reds, Miami Marlins, and San Francisco Giants—are in close proximity, vying for the remaining positions. Of note, Miami and Cincinnati have emerged as surprises, defying preseason expectations as they compete for a spot in the postseason.

As October approaches, the MLB playoff landscape is filled with suspense, as teams jostle for position, and unexpected contenders make their mark in the quest for baseball's ultimate prize.

Verstappen's Dominance at Japanese GP Seals Red Bull's Championship Victory

AT the Japanese Grand Prix, Max Verstappen, driving for Red Bull Racing, clinched a dominant victory, edging closer to securing the Formula 1 drivers' title while simultaneously sealing Red Bull's grip on this year's constructors' championship. Verstappen faced an initial challenge from the McLaren duo at the race's onset, but he lived up to Lando Norris' pre-race prediction that suggested McLaren would struggle to catch him if he led beyond Turn 2.

As the 53-lap race at Suzuka unfolded, Verstappen extended his lead, eventually finishing a commanding 19.3 seconds ahead of Norris. The only real contest Verstappen encountered was at the start, defending his lead into the first corner against Oscar Piastri. Norris, cleverly positioning himself on the outside, managed to displace Piastri but couldn't overtake Verstappen.

On a restart following a lap 1 safety car due to debris from a Bottas-Albon incident, Norris tried to challenge Verstappen again. However, Max accelerated out of the Casio Triangle, ensuring his lead remained unthreatened.

Verstappen's performance not only secured his individual lead but also guaranteed Red Bull's sixth constructors' championship during their 19 seasons in F1.

McLaren celebrated a 2-3 finish, with Piastri securing his

maiden podium. Although Piastri initially undercut Norris after the first pit stops, he struggled to match Norris's pace, and Norris reclaimed his position early in lap 27.

Charles Leclerc briefly threatened Piastri's podium hopes, stuck behind a one-stopping George Russell post-second pit stops, but couldn't make a move once Piastri overtook Russell. Leclerc finished 7.5 seconds behind Piastri.

Lewis Hamilton executed a successful undercut on Carlos Sainz to claim fifth place. Despite Mercedes' attempt to replicate his Singapore GP strategy by instructing Hamilton to give DRS to Russell, Hamilton held off Sainz.

Fernando Alonso, initially making an impressive start to the race, ultimately settled for eighth after switching to hard tires early on. Alonso expressed frustration with his team's strategy, feeling left to fend for himself.

Red Bull's resurgence saw Pierre Gasly securing the final points position in tenth, while Sergio Perez's ill-fated attempt to overtake Kevin Magnussen resulted in a penalty and retirement.

As for Williams, Albon and Logan Sargeant retired due to car damage, with Sargeant inadvertently spinning Valtteri Bottas into retirement after a contact incident.

Colorado Buffaloes first defeat

IN their recent Pac-12 matchup on September 23, 2023, the Oregon Ducks, ranked 10th, handed the 19th-ranked Colorado Buffaloes a resounding defeat with a final score of 42-6. Bo Nix led the way for Oregon, throwing three touchdown passes and accumulating 276 passing yards. Troy Franklin was a standout, catching eight passes for 126 yards and scoring two touchdowns. Notably, the Oregon defense sacked Shedeur Sanders, Colorado's quarterback, seven times, while Michael Harrison managed to secure the Buffaloes' sole touchdown.

Oregon's dominance was evident as they raced to a 35-0 lead by halftime. Coach Dan Lanning had fired up his team with a pregame speech, taking aim at the hype surrounding Deion Sanders' Colorado squad, stating, "The Cinderella story's over, men. They're fighting for clicks, we're fighting for wins. There's a difference."

Despite the one-sided game, Lanning showed respect for Sanders and his program, acknowledging, "I think that team's heading in the right direction. I think that coach is doing a phenomenal job."

Deion Sanders had previously led a remarkable turnaround for Colorado, winning their first three games, including

a thrilling double-overtime victory over Colorado State. However, the Buffaloes' momentum came to a halt against the Ducks.

The game featured high-profile attendees, with Nike co-founder Phil Knight and former NFL star Terrell Owens showing support. Oregon's mascot even donned a cowboy hat and sunglasses, mimicking Sanders' signature style.

Bo Nix's outstanding performance, completing his first 11 passes and finishing with 28 of 33 completions, was a highlight. He also rushed for an 11-yard touchdown. On the other side, Shedeur Sanders, Deion's son and Colorado's quarterback, faced immense pressure, getting sacked seven times and completing 23 of 33 passes for 159 yards.

Despite the loss, Deion Sanders rejected the notion that his team needed humbling, emphasizing their confidence. Oregon's victory was marked by touchdowns on their first three possessions, setting the tone for their commanding win.

Colorado played without Travis Hunter, a versatile player who had contributed significantly to both defense and offense but was sidelined due to a lacerated liver from a late hit in their previous game against Colorado State.

Arriva’s Bid to Expand Train Services Sparks Appeal to Dutch Competition Authority

ARRIVA, the transportation company, has taken its aspirations to extend its footprint in the Dutch rail market a step further by appealing to the Dutch competition authority ACM. Anne Hettinga, Chief Executive of Arriva, recently disclosed in an interview with Volkskrant that the company is seeking approval to assume control over 24 local stop train services and two intercity routes currently operated by the Dutch state-owned railway firm NS.

These routes constitute a vital component of the primary Dutch railway network, automatically assigned to NS due to its complete state ownership. Arriva, a subsidiary of the German state railway company Deutsche Bahn, has persistently strived to gain a more significant presence in the Dutch market, yet its efforts have been met with resistance thus far.

To advance its ambitions, Arriva has presented a meticulous, step-by-step approach to the ACM. The proposed expansion

includes introducing new routes such as an Amsterdam-Hoorn service and a route connecting Zwolle and Utrecht. Moreover, Arriva is eager to assume the NS concession for railway services between the Netherlands and Brussels.

The upcoming eight-year rail services concession, slated to run from 2025 to 2033, awaits parliamentary approval. Notably, members of parliament have expressed apprehension regarding NS’s intentions to implement higher ticket prices during peak travel periods.

Arriva currently administers regional train and bus services in several Dutch provinces, encompassing Groningen, Friesland, Gelderland, and Limburg. As it continues its pursuit of an expanded role in the Dutch rail landscape, the outcome of its appeal to the Dutch competition authority will be of substantial interest to both the transportation industry and commuters alike.

Philippines Expresses Concern Over China's "Floating Barrier" in Disputed South China Sea

THE Philippines has issued a strong condemnation of the actions taken by China's coast guard in a disputed region of the South China Sea. Specifically, the Philippines has expressed its concerns regarding the installation of what it has referred to as a "floating barrier." This development has reportedly obstructed Filipino fishing vessels from accessing and conducting fishing operations in the area.

The spokesperson for the Philippine coast guard, Jay Tarriela, delivered this official statement following the discovery of the barrier during a routine maritime patrol conducted by Philippine vessels. This barrier, measuring approximately 300 meters (984 feet) in length, was identified in the Southeastern part of Bajo de Masinloc.

In an official statement, Tarriela conveyed the profound dismay of the country, stating, "The Philippine coast guard and Bureau of Fisheries and Aquatic Resources unequivocally denounce the installation of a floating barrier by the China coast guard in the Southeastern sector of Bajo de Masinloc. This barrier obstructs the passage of Filipino fishing vessels and jeopardizes their fishing activities and livelihood."

Accompanying Tarriela's statement were photographic evidence of the alleged barrier, along with allegations that three Chinese coast guard vessels and a vessel from the Chinese maritime militia had deployed this barrier subsequent to the arrival of a Philippine government vessel in the region.

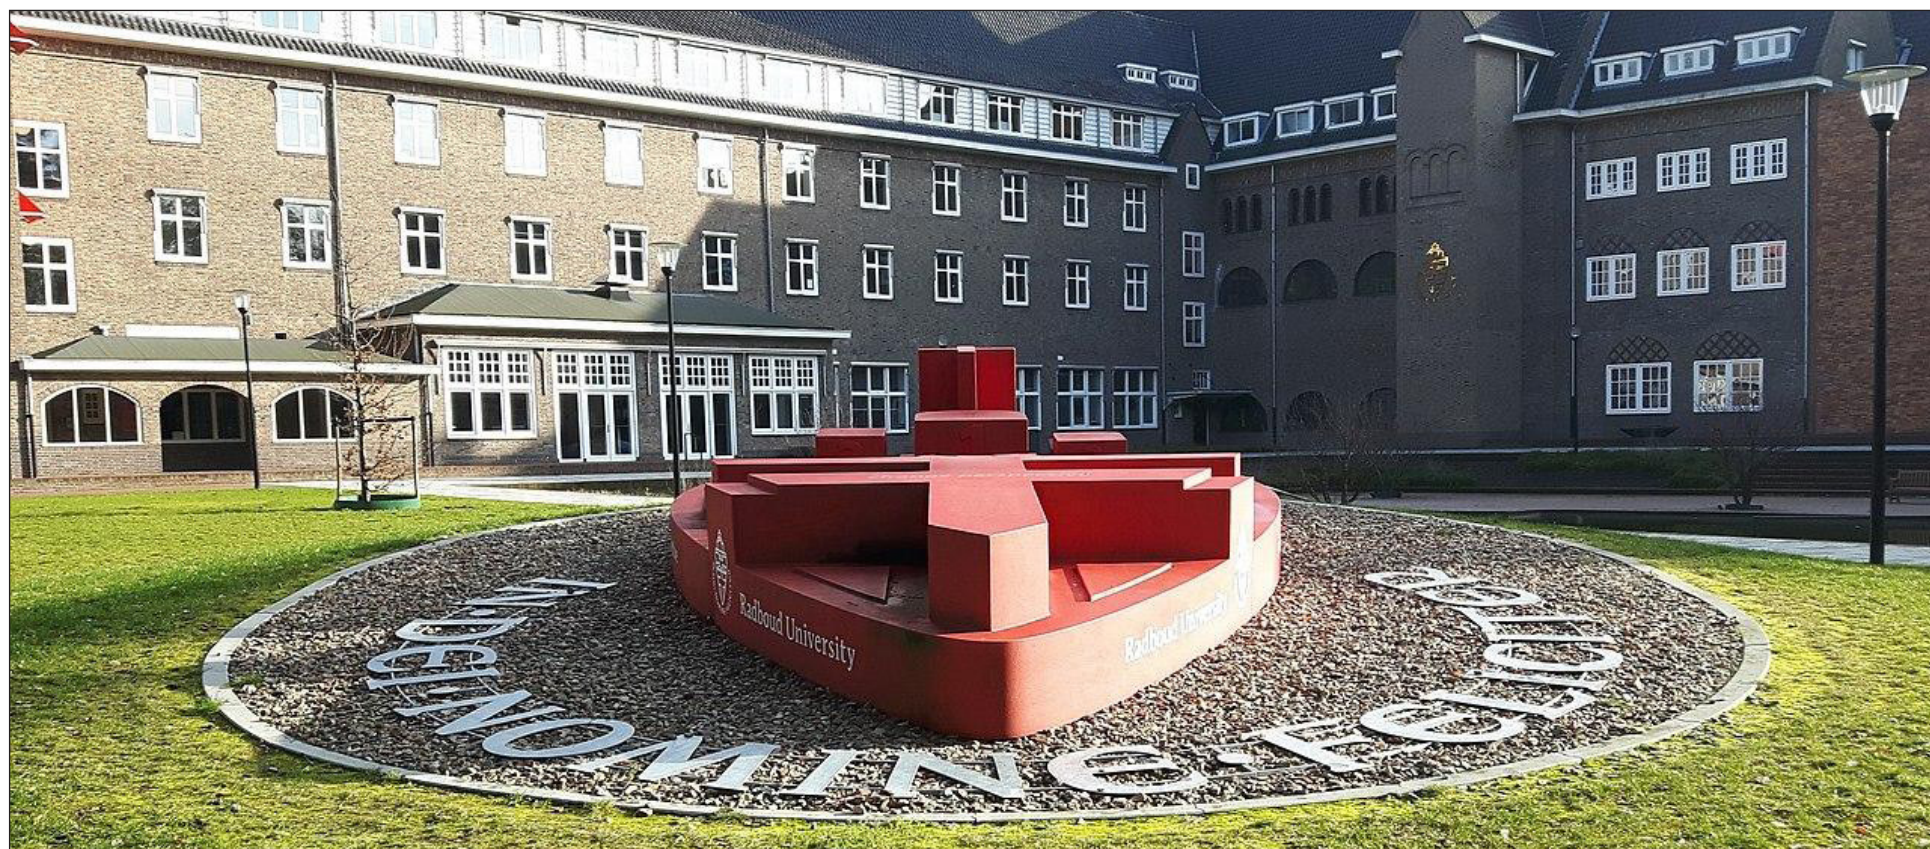

This incident comes in the wake of the recent release of footage by the Philippine Coast Guard, which highlighted significant environmental damage to coral reefs and marine ecosystems in the Rozul Reef and Escoda Shoal areas of the South China Sea. The Philippines has attributed this environmental degradation to the actions of China's shadowy maritime militia and contends that their activities have inflicted considerable harm on the marine environment under Philippine jurisdiction.

Furthermore, Tarriela raised the possibility of coral disposal, stating, "The presence of crushed corals strongly suggests a potential act of disposal, potentially involving previously processed and cleaned deceased corals being returned to the seabed."

In response, China's foreign ministry has categorically dismissed these allegations as "unfounded and lacking basis," while urging the Philippine authorities to refrain from utilizing fabricated information. It is noteworthy that Chinese vessels have been known to deploy floating barriers when they detect a significant presence of Filipino fishing vessels in the area, as reported by Filipino fishermen.

Bajo de Masinloc, also known as the Scarborough Shoal, is of strategic significance and serves as a critical fishing ground situated to the west of the Philippine island of Luzon. This shoal is among the numerous disputed islands and reefs within the South China Sea, a region that has experienced a plethora of territorial disputes.

Surge in Reports of Sexual Harassment at Dutch Universities Raises Concerns

A concerning trend has emerged at Dutch universities, with reports of sexual harassment doubling over the past four years, according to a study by the radio program Argos. The research, which examined harassment and social safety issues at the country's 13 universities, revealed a significant rise in incidents related to the "Me Too" movement. The number of reports made to independent integrity officers increased from 141 in 2019 to 300 in the previous year. Over a four-year period, a total of 4,652 reports were filed, including instances of bullying and various forms of harassment, with 812 cases involving sexually inappropriate behavior. Remarkably, only 2% of these reports progressed to formal complaints, shedding light on the challenges of addressing these issues within university environments.

Mariëtte Hamer, who is conducting a government investigation into sexual harassment at academic institutions, acknowledged that the surge in reports within just three years signifies a "serious problem" at universities. However, she also noted that the increase might be attributed to a greater willingness among individuals to come forward rather than solely reflecting an escalation in incidents.

Argos particularly highlighted the situation at Radboud University in Nijmegen, where reports of inappropriate behavior surged from 69 to 225 over the four-year period. The timing of this revelation coincided with the admission by Radboud's rector that he had made two "sexually inappropriate" comments to a female colleague at an event in January 2017. Although he received a formal warning, he

retained his position while the female colleague eventually left the university, nearly two years after the incident.

This concerning pattern of sexual harassment reports follows earlier research by the students' organization ISO in 2022, which found that approximately 20% of Dutch students had encountered bullying, discrimination, blackmail, or sexual harassment. Shockingly, nearly two-thirds of such incidents went unreported, often because students perceived the cases as not serious enough.

The data also aligns with previous findings by education inspectors, who estimated that around 4% of Dutch students had experienced unacceptable sexual behavior, with half of the perpetrators being associated with educational institutions. Bullying and discrimination were identified as additional issues of concern.

In early 2022, the director of the Amsterdam Fashion Institute (AMFI) resigned due to his perceived inability to bring about a culture change at the institution. Students had demanded his resignation, citing his alleged disregard for signals of abuse, including the habitual humiliation of students by teachers and comments with sexual and racial overtones.

The increasing number of reports at Dutch universities underscores the urgent need for proactive measures and a comprehensive approach to addressing sexual harassment within academic communities.

NASA's Successful Retrieval of Pristine Asteroid Sample Unveils Insights into Solar System Origins

IN a historic achievement, NASA has successfully retrieved a pristine asteroid sample, a monumental step in advancing our understanding of the solar system's origins and enhancing our ability to assess potential future asteroid impacts on Earth.

Seven years after its launch, the OSIRIS-REx spacecraft, an acronym for Origins, Spectral Interpretation, Resource Identification, Security, Regolith Explorer, executed a precision maneuver, delivering the precious sample from the near-Earth asteroid Bennu to our planet on Sunday.

Having commenced its mission in 2016, OSIRIS-REx reached Bennu in 2018, collecting the sample in 2020 before embarking on its challenging journey back to Earth in May 2021. The mission encompassed a staggering 3.86 billion miles, highlighting NASA's commitment to pioneering space exploration.

The capsule carrying approximately 8.8 ounces of asteroid rocks and soil was released from a distance of 63,000 miles above Earth's surface, reentering the atmosphere at a breathtaking speed of 27,650 miles per hour. Expertly designed parachutes safely decelerated the capsule to a gentle 11 miles per hour touchdown in Utah's Defense Department's Test and Training Range.

NASA Administrator Bill Nelson hailed the mission's success, lauding the team's extraordinary efforts in bringing home the largest asteroid sample ever received on Earth. He emphasized that NASA's achievements inspire and unite people, demonstrating that what once seemed impossible can indeed become reality.

OSIRIS-REx's mission doesn't end with

this milestone. The spacecraft has been redirected to investigate another asteroid, now bearing the name OSIRIS-APEX, symbolizing its new role as Origins, Spectral Interpretation, Resource Identification, Security-APophis EXplorer.

Following the landing, a team of experts carried out assessments to ensure the capsule remained intact after withstanding extreme conditions during reentry. Careful handling was essential, considering the capsule reached temperatures of up to 5,000 degrees Fahrenheit.

Samples collected from the landing site, including air, dust, and dirt particles, were subjected to thorough scrutiny. The meticulous examination aims to ascertain the sample's pristine nature, crucial for unbiased scientific analysis. Steps were taken to prevent any contamination from Earth's atmosphere during the transfer.

The sample was carefully transported to a temporary clean room nearby, where a nitrogen purge was conducted to maintain sample integrity. Subsequently, the capsule's larger components were removed, facilitating the sample's access for scientists.

While detailed results from the sample analysis will be shared during a NASA broadcast from the Johnson Space Center on October 11, preliminary investigations will commence earlier. A portion of the sample will be examined for initial insights, with scientists poised to study the rocks and soil meticulously over the next two years.

The scientific community anticipates groundbreaking revelations about our solar system's early history and the delivery of crucial elements like water by carbonaceous asteroids such as Bennu. These asteroids played a vital role in the Earth's formation, making them invaluable cosmic time capsules.

Furthermore, the sample will offer insights into Bennu's composition, essential for assessing the risk of future asteroid collisions with Earth. This knowledge is pivotal for developing strategies to mitigate potential threats by understanding asteroid composition and orbits accurately.

As we embark on this new phase of scientific exploration, the asteroid sample brings us one step closer to unraveling the mysteries of our solar system's birth and evolution, safeguarding our planet from potential cosmic hazards.

Tragic Discovery in Florida:

Woman Identified After Alligator Encounter

FLORIDA authorities have identified a woman who tragically lost her life after an alarming encounter with an alligator. The incident occurred in Largo, located in the Tampa Bay area, prompting swift responses from authorities.

The Pinellas County Sheriff's Office has confirmed the victim as Sabrina Peckham, aged 41. The distressing incident began when authorities received a call regarding an alligator in the water around 1:50 p.m. on a Friday.

Witness JaMarcus Bullard, who spoke to our affiliate, described the harrowing scene. He recounted seeing an alligator with a body in its mouth and immediately started recording the unsettling sight.

In response to this tragic situation, officials took action to humanely euthanize the 13-foot, 8.5-inch male alligator. Both the sheriff's office and the Florida Wildlife Conservation Commission were involved in managing the incident.

While alligators are not uncommon in the area, resident Jennifer Dean, speaking to Spectrum News 13, expressed her shock at the size of the reptile involved in this incident. She mentioned that neighbors alerted her to the presence of the alligator, and during their vigil, they heard a shot, presumably signifying the alligator's demise.

The loss of Sabrina Peckham serves as a somber reminder of the potential dangers posed by wildlife in Florida's water-

ways. It also underscores the need for vigilance and safety precautions when living in or visiting regions where alligators are a part of the natural habitat.

Unwavering Faith:

Trump's Loyal Supporters Stand Firm

AS millions of Democrats and independents view Donald Trump's four years in office as a disastrous chapter in American politics, his steadfast supporters continue to stand by his side, considering his presidency his greatest asset. David Smith's report from Dubuque, Iowa, delves into the unwavering devotion of Trump's true believers and how their allegiance remains resolute.

In Dubuque, Leverne Martin, donned in a shirt covered in Trump's images, exemplified the dedication of Trump's followers. He had embarked on a nine-hour drive from Poplar Bluff, Missouri, to attend a Trump rally, showing no sign of fatigue. When asked about his plans to sleep, Martin quipped, "As soon as President Trump is back in the White House." For Martin and many like him, Trump's return to 1600 Pennsylvania Avenue is a matter of utmost importance.

The crowd outside the rally venue, predominantly white, displayed the same fervor that has characterized Trump's supporters for nearly a decade. Hawkers moved through the line, offering Trump merchandise adorned with slogans like "Gun rights matter," "Fight for Trump," and "No more bullshit." Trump's rally, much like those in the past, was a spectacle. It featured nostalgic tunes from the 20th century and fervent chants of "USA! USA!" as Trump took the stage. Attendees waved signs bearing his name and reveled in his provocative remarks.

The slogan, "Make America Great Again" (MAGA), still dominates, but for Trump's devotees, it now carries a sense of nostalgia for the era they believe his presidency embodied – one

marked by strong borders and affordable fuel prices.

Supporters at the rally cited Trump's accomplishments during his term, from a robust economy to low gas prices and historically low unemployment rates, particularly among minorities. Greg Erickson, a retired insurance agent and Army veteran, emphasized Trump's achievements and lamented the lack of credit given to the former president by the media.

Trump's unrelenting focus on immigration, a signature issue since his 2015 campaign announcement, remains unchanged. In Dubuque, supporters highlighted immigration, especially the situation at the southern border, as a top priority. Trump reiterated his claims about border security, asserting that under his leadership, it was the

most secure in US history. He criticized the current administration for what he deemed the worst border crisis ever.

As Trump's political rhetoric intensifies, the prospect of his second term appears even more uncompromising. He outlined plans to move troops from overseas to the border, deploy the navy to establish a "fentanyl blockade," and conduct the largest domestic deportation operation in American history.

Despite the controversies and legal challenges Trump faces, his supporters remain unswayed. They admire his commitment to the rule of law, his accomplishments while in office, and his straightforward persona. These unwavering supporters see Trump's first term not as a liability but as his biggest asset, embodying an era they wish to see revived.

Challenges and Solutions

Composting in Desert-Like Weather

COMPOSTING in desert-like weather conditions presents unique challenges due to extreme temperatures and arid environments. However, with careful planning and the right techniques, it's possible to create a successful composting system even in such climates. Here are some challenges and solutions for composting in desert areas.

Challenges:

Extreme Heat: Desert regions often experience scorching temperatures that can exceed 100°F (37°C). High temperatures can kill beneficial microbes and slow down the decomposition process.

Limited Moisture: Deserts are known for their dry conditions, and compost piles require adequate moisture for decomposition. Insufficient water can lead to a lack of microbial activity.

Low Organic Material: Finding sufficient organic material, such as kitchen scraps and yard waste, can be challenging in desert areas with sparse vegetation.

Solutions:

Shade and Insulation: Place your compost pile in a shaded area to protect it from direct sunlight. You can also use materials like straw, cardboard, or even old carpet pieces to insulate the pile and regulate its temperature.

Water Management: Use a drip irrigation system or a soaker hose to maintain consistent moisture levels in the compost pile. Cover the pile with a tarp to reduce water evaporation.

Airtight Containers: Consider using enclosed compost bins or containers. These can help retain moisture and

create a more controlled environment for decomposition.

Balanced Ingredients: Achieve a balanced carbon-to-nitrogen ratio (C:N) in your compost pile.

In desert areas, carbon-rich materials like dried leaves, straw, or shredded newspaper can help balance the high temperatures and moisture loss.

Aerate Regularly: Proper aeration is crucial for maintaining airflow and preventing anaerobic conditions. Use a pitchfork or aerating tool to turn the pile regularly.

Cover with Mulch: Apply a layer of mulch or organic material over the compost pile to help trap moisture and insulate against temperature extremes.

Compost Tea: Use compost tea, which is essentially a diluted liquid from your compost pile. It can be applied to plants to help conserve moisture and deliver nutrients.

Patience: Composting in desert-like weather may be slower compared to milder climates. Be patient and allow more time for decomposition to occur.

Local Plants: Focus on composting local plant materials, like native shrubs or grasses, as they are better adapted to desert conditions and readily available.

Avoid Meat and Dairy: In extremely hot climates, it's best to avoid composting meat and dairy products as they can attract pests and create odors.

Successful composting in desert-like weather requires a commitment to monitoring and adapting to the specific challenges of the environment.

By implementing these solutions and adjusting your composting practices, you can still create nutrient-rich compost to enrich the soil in your arid region while minimizing waste.

Giorgio Armani's Masterpiece:

Spring-Summer 2024 Collection at Milan Fashion Week

IN a grand finale, the legendary Giorgio Armani drew the curtains on Milan Fashion Week, captivating the audience with his Spring-Summer 2024 collection. Among the distinguished guests in the front row were the ever-elegant Cate Blanchett and the enchanting Juliette Binoche, a testament to Armani's enduring influence.

Armani's latest creation was a visual symphony, mirroring the shifting colors and ethereal light of a twilight sky. This poetic journey was conveyed through a mesmerizing play of colors on the backdrop of the showroom, nestled within his historic Milan headquarters.

The 89-year-old maestro employed diaphanous fabrics that seemed to defy gravity, intertwining them with sumptuous silks and satin to evoke a sensation of weightlessness and fluidity. The color palette mirrored the evolving mood, transitioning from bronze onto silvery gray, descending into jewel-toned blues, greens, and purples that blended seamlessly, only to ascend once more into dusky shades of gray and silver that gracefully faded into pristine whites.

With a twinkle in his eye, Armani humorously remarked, "No beige," as he unveiled this artistic masterpiece.

This collection embodied not only elegance but also prac-

ticality, a testament to Armani's commitment to dressing women for self-expression without compromising comfort. Satin trousers were the foundation of many ensembles, complemented by jackets, translucent blouson layers, shimmering tops, and off-shoulder chiffon dresses.

Armani's vision was vividly brought to life as a model, adorned in a resplendent long dress with a diaphanous cape, gracefully danced down the runway.

Completing each look were flat shoes, a testament to Armani's philosophy that women need not be enslaved by height or feel pressured to exude overt sexiness. "There can also be a normal woman, but one who hopefully possesses a twinkle in her eye," mused the designer.

For years, Armani has lamented the overzealous pursuit of novelty in the Milan fashion scene, emphasizing that true fashion lies in empowering women to express themselves. With a discerning eye, he noted a shift in this season's Fashion Week towards a return to normality, acknowledging that a hint of artistic exploration remains integral to this craft.

In the dimmed lights of the Milan showroom, Giorgio Armani once again proved why he is an iconic force in the world of fashion, leaving his audience in awe of his timeless artistry.

How Much Should You Walk

The Health Benefits of Walking

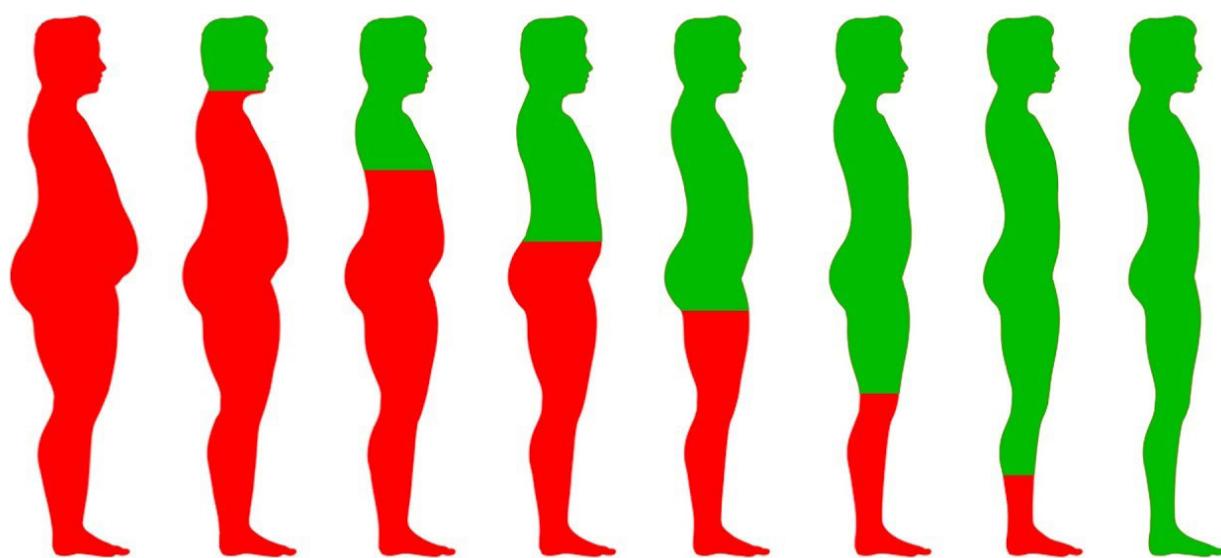

WALKING is a simple yet highly beneficial form of exercise that can have a profound impact on your physical and mental well-being. Whether you're strolling through your neighborhood or hiking in a scenic park, here are some of the remarkable advantages of incorporating regular walks into your routine.

1. Physical Fitness: Walking serves as an excellent way to enhance your physical health. When you engage in brisk walking, your heart rate increases, promoting improved cardiovascular fitness. It aids in better circulation and can contribute to maintaining a healthy weight. By burning calories, walking helps combat obesity, which is a key factor in preventing various health issues.

2. Mental Health Boost: The positive effects of walking extend to mental well-being. When you walk, your brain releases endorphins, natural mood elevators that can alleviate stress, anxiety, and depression. The rhythmic nature of walking provides a soothing and meditative experience, offering relaxation and reducing tension. Regular walks are an effective strategy for enhancing your overall mental health.

3. Joint and Muscle Health: Unlike high-impact activities, walking is gentle on your joints, making it accessible for people of all ages and fitness levels. It promotes joint health by lubricating them and strengthening the surrounding muscles. This can be particularly beneficial for individuals with arthritis or joint problems. Walking also helps improve muscle tone, especially in the legs, and can lead to greater flexibility.

EFFECTS OF WALKING

4. Posture and Balance: Walking helps strengthen core muscles, lower back muscles, and leg muscles. This enhanced muscle strength can lead to better posture and balance, reducing the risk of falls and related injuries, especially in older adults. Good posture and balance are crucial for maintaining mobility and overall physical health.

5. Increased Energy: Even a short walk can provide an instant energy boost. When you're feeling tired or fatigued, a brisk walk can revitalize your body and mind. It's a natural and healthy way to combat feelings of lethargy, making it an ideal choice for a quick energy pick-me-up.

Starting at your own pace, especially if you're new to exercise, is essential. You can gradually increase the duration and intensity of your walks as your fitness improves. It's essential to listen to your body and avoid pushing yourself too hard, especially if you have any underlying health conditions. Consulting with a healthcare professional can provide personalized guidance and ensure that walking is a safe and effective addition to your lifestyle.

In summary, walking offers a multitude of benefits for physical and mental health. It's a versatile exercise that can be tailored to your needs and preferences. By incorporating regular walks into your routine, you can enjoy improved fitness, mental clarity, joint health, balance, and overall well-being.

When it comes to how much you should walk, guidelines suggest aiming for a minimum of 150 minutes of moderate-intensity walking per week. This can be conveniently divided into 30-minute walks on five days of the week. Alternatively, if you prefer more vigorous walking, aim for at least 75 minutes per week. Remember that these are general recommendations, and it's crucial to tailor your walking routine to your individual fitness level and goals.

Strategies for Intervention and Change

Preventing the Cycle of Parental Abuse

PUTTING an end to the cycle of parental abuse is a paramount societal goal. By implementing a comprehensive approach, we can break this destructive pattern and promote healthier family dynamics.

Here are key strategies to prevent parental abuse:

1. Early Identification and Intervention: Identifying signs of abuse at an early stage is crucial. Teachers, healthcare providers, and neighbors should be trained to recognize potential red flags and report concerns to relevant authorities.

2. Educational Programs: Implementing educational programs in schools that focus on healthy relationships, conflict resolution, and anger management can empower children and adolescents with the skills needed to break the cycle of abuse.

3. Support for Victims: Providing safe spaces and support services for victims of parental abuse is essential. Shelters, hotlines, and counseling services can offer refuge and guidance to those in need.

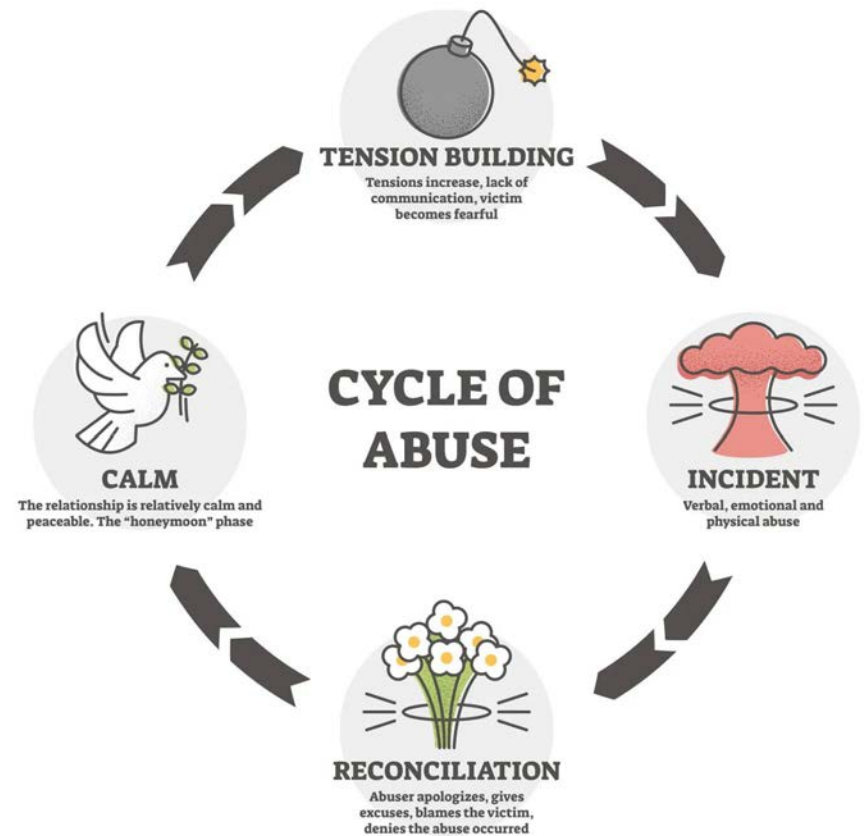

4. Parenting Education: Offering accessible and affordable parenting classes to all caregivers can help break the cycle. These classes should emphasize non-violent parenting techniques and stress the importance of open communication with children.

5. Mental Health Services: Addressing the mental health of both abusive and abused parents is crucial. Accessible mental health services can aid in identifying underlying issues contributing to abusive behaviors.

6. Community Involvement: Communities can play a pivotal role in preventing parental abuse by fostering support networks, promoting awareness campaigns, and organizing events that encourage healthy family interactions.

7. Law Enforcement and Legal Measures: Law enforcement agencies should take reports of parental abuse seriously. Legal measures, such as restraining orders and supervised visitation, can provide protection to victims.

8. Public Awareness Campaigns: Governments and organizations should invest in public awareness campaigns that highlight the consequences of parental abuse and the resources available to those affected.

9. Accountability and Rehabilitation: Abusive parents who recognize their actions and seek help should have access to rehabilitation programs. Holding them accountable while providing a path to change is essential.

10. Research and Data Collection: Continued research into the causes and effects of parental abuse is vital. This information can guide the development of more effective prevention strategies.

11. Legislation and Policy Changes: Advocacy for legislative changes that prioritize the safety and well-being of children and victims of abuse is essential. These changes can strengthen protective measures and penalties for offenders.

12. Promoting Empathy: Schools, communities, and families should actively promote empathy and emotional intelligence as foundational values. Encouraging understanding and compassion can reduce abusive tendencies.

Breaking the cycle of parental abuse requires a concerted effort from individuals, communities, and governments. By addressing this issue comprehensively, we can protect vulnerable individuals, provide support to those in need, and work towards a future where healthier family dynamics prevail. This collective commitment to change is the key to preventing the perpetuation of parental abuse across generations.

Exploring Picasso's Enigmatic Universe Through Literature
